D.O. No.112(SVEEP)/Elec-2018/1AE-4540  
Dated: 5<sup>th</sup> June, 2018

Subject:- Register each and every eligible person as elector in the electoral roll-Regarding.

*Respected Ma'am,*

I take this opportunity to inform you that as per the provisions of the R.P. Act, 1950 and the directions of the Election Commission of India, an eligible person is entitled to be enrolled/registered as elector on the completion of 18 years of his age as on 01.01.2019 under revision process. You would agree that enrolment of students of colleges/universities as voter as they become eligible to be enrolled is very crucial for the success of representative democracy. The students of colleges and the educational institutions may be aware that they can enroll as an elector at the time of admission. However, proactive efforts from the management of the educational institutions can facilitate and ensure maximum enrolment. As per the past practice the eligible students are advised to submit their Form-6 for registration as Voter to the Nodal Officer/Staff of the Institution.

I, therefore, request you to please advice and instruct all the Vice-Chancellors/Heads/ Principals of the Universities/institutions/colleges, Govt. as well as private, to play a proactive role in ensuring that this message reaches to every student of their institution and students are encouraged to get themselves registered as voter. Services of younger generation is also significant in spreading a positive message to the society on the whole that each and every citizen of the society should come forward to register himself/herself as a voter and should also come forward to vote when occasion comes.
