D.O. No. Y-18020/35/2020-CAP-Part(1)

27th August, 2025

Dear Sir,

As you are aware, accurate data and reliable statistics are fundamental to informed decision-making at every level of governance and policy formulation. In today's data-driven world, high-quality statistics enable governments to identify emerging challenges, allocate resources efficiently, monitor progress, and ensure accountability and transparency.

2. It gives me great pleasure to inform you that the fourth World Statistics Day will be celebrated across the globe on October 20, 2025, with the theme: "Quality Statistics and Data for everyone."

3. The celebration of the World Statistics Day is a global collaborative endeavor, organized under the aegis of the United Nations Statistical Commission at five years interval on 20th October. The first World Statistics Day was celebrated on 20 October 2010 with the theme "Service, professionalism, integrity: celebrating the many contributions and achievements of official statistics". The second Day was celebrated on 20 October 2015 with the theme "Better data, better lives". The third Day was celebrated on 20 October 2020 with the theme "Connecting the world with data we can trust".

4. In continuation, the fourth World Statistics Day will be celebrated globally on October 20, 2025 with local events being organized by National Statistical Offices, Statistical Organizations, UN Agencies, universities, etc. The United Nations Statistics Division (UNSD) is also maintaining the official World Statistics Day website (<https://unstats.un.org/unsd/wsd/2025/>), where information regarding these initiatives are shared with the global community.

5. In this context, I would like to request your Ministry/Department/Organization to organize activities/ events in alignment with the theme of World Statistics Day 2025. Additionally, I would appreciate it if you could issue necessary instructions to the concerned authorities to facilitate celebrations at school and college levels. Suggested activities include seminars, workshops, essay competitions, quizzes, fun chart preparations, survey and data collection projects, storytelling with data, poster creation, and similar engagements on the theme of World Statistics Day 2025. These activities would enable students to engage with the subject of statistics in a meaningful and approachable manner, thereby fostering an early interest in the discipline and building a strong foundation for data literacy.

6. Further, a brief report on the events organized would also be appreciated to enable us to highlight India's contributions on the official global platform. Looking forward for your kind cooperation and active participation in the celebration of this important global event.

With Regards,

Yours sincerely,

(P. R. Meshram)

To,
Sh. Vineet Joshi,
Secretary,
Department of Higher Education,
Ministry of Education,
Shastri Bhawan,
New Delhi, 110001.
